

TwoTrees **TTC-H40**

Features:

- 1. Easy to Disassemble , Save Space
- 2. Large Space Area, Efficient Carving
- 3. One-Step CNC/LaserEngraving Switch
- 4. Aluminum Body, Stable and Solid
- 5. Linear Rod Design, Higher Precision
- 6. More Comprehensive Control Box Functions

Specifications:

Overall Power:	150W	Input Voltage:	100AC-240AC 50Hz
Spindle Speed:	12000rpm	Machine Dimensions:	1292.5X1290.5X404.5mm
Output Voltage:	OUT1:24V/5A OUT2:0-100V	Engraving Area:	1000X1000X100mm
Collet:	ER11 (1-7mm)	Machine Weight:	38.3kg
Packaging Dimensions:	1390X415X335mm	Gross Weight:	43.9kg
Engraving Speed:	1800mm/Min	Engraving Accuracy:	100±0.05mm
Transmission Screw Models:	XY-axis Trapezoidal Screws	Main Body Material:	Aluminum+Optical Axis
Assembly Method : Easy Storage Z-axis Transmission Screw Models: Ball Screw
